

FEATURE & ADVANTAGES

- Great accuracy and durability
- User friendly
- Tape cleaning function and tube protection
- Closed system (gas-tight)
- Modular design and low maintenance cost
- Designed for hydrocarbons and corrosive liquids application (oil/chemical tankers)

UTI PROBES SHT2002

HT2002 is a gas-tight portable gauging system designed to measure ullage, oil/water interface level, and temperature in single operation. It is used for tank level measurement on marine vessel.
