

# GAS DETECTION

Control units and sensor/transmitters for continuous monitoring of combustibles gases, toxic gases or oxygen. ATEX approved sensors and RINA / MED approved systems for marine applications.

## EXPLORER GAS POINT

stand alone gas detector with large display, 4-20mA output

## EXPLORER GAS SCREEN 40

control unit, 4 channels, large colour touch screen display, Datalogging and WiFi options

## GAS DETECTORS

4-20mA transmitters for combustibles gas, oxygen, toxic gases detection, ATEX approved
